

## ISLAND GIRL COFFEE ADOPTS A ROADWAY IN PARTNERSHIP WITH ISLAND BEAUTIFICATION TASK FORCE

FOR IMMEDIATE RELEASE

*April 28, 2022*

Island Girl Coffee is pleased to announce a new partnership with The Roadway Adoption Program (RAP), administered by the Guam Department of Public Works in conjunction with the Islandwide Beautification Task Force (IBTF).

Through this program, Island Girl Coffee commits and contributes to cleaning and beautifying our newly adopted roadway – directly in front of the Dededo Island Girl location on Marine Corp Drive. This stretch of land will be continuously mowed, cleaned and kept beautiful by our team of more than 40 employees.

This is an amazing opportunity to promote keeping Guam clean and beautiful through civic responsibility, green initiatives, and our immense community pride and culture.

On May 5, 2022 at 2pm we will have a short ceremony to erect the sign that will signify our adoption and commitment to our island community. The Lieutenant Governor, chair of the IBTF, The Honorable Josh Tenorio will be in attendance to present and mark the significant occasion with the Executive team of Island Girl Coffee.

Island Girl Coffee is a local company with deep community roots. For over ten years we have been serving the island of Guam and in late fall of 2021, we opened our fourth location in the village of Dededo.

As a small business, we pride ourselves on providing a positive experience with each and every customer visit, set high customer service goals for all our team, and flourish on always offering the best quality products available. We take extra care to partner with local companies and support numerous charities from schools, to families with medical needs, animal welfare and military activities.

We thank you for your consistent support and endless love for our teams and business.
